

Certificate Course in Senior Caregiving

Take the First Step Towards
Caring Career

" India's elderly population is growing faster than ever-but compassionate, skilled caregivers are in short supply, Families are struggling , and elders are often left without the care they deserve". "Because caring for our elders isn't charity- It's dignity ,it's livelihood ,and it's our shared responsibility'.

Development Education Service (DEEDS), in collaboration with St. Aloysius (Deemed to be) University, offers a One- Month Certified Caregivers Training Course Designed to prepare compassionate individuals for meaningful work in elder care.

Why

This Course?

"Most caregivers today are informal, untrained, and undervalued. Without proper skills or support, both elders and caregivers face stress, neglect, and burnout."

“Deeds has developed a structured training program to equip local youth and women with practical skills in elderly care - from basic health support and mobility assistance to emotional well-being and dignity in care. We also connect trained caregivers to employment opportunities in homes and elder care institutions.”

We Offer

- **Professional Training :**
Learn from healthcare and social work experts through classes, fieldwork and hands on sessions.
- **Job ready skills :**
Graduates are eligible for employment in old age homes, hospitals day care centres, and health service agencies.
- **High demand :**
Growing opportunities in India and abroad for qualified caregivers.
- **Social impact :**
A trained caregiver in every household can reduce hospital visits and ease elderly dependence on external help.
